The newest version of our color form for Montana youth with asthma. Would you like copies of the mock-completed form?

___Yes ___No

☐ 25 copies

Dusty the Asthma Goldfish Activity Book

A popular resource from the EPA, this activity book engages younger kids as they learn about asthma. [Click here to view book.](#)

☐ 10 copies

Why is Coco Orange?

Coco the chameleon can't change colors, and his asthma is acting up. Read how Coco and his friends at Lizard Lick Elementary solve this mystery as they learn about air quality and how to stay healthy when the air quality is bad. This EPA picture book is for all children, especially those with asthma, and their caregivers. [Click here to view book](#)

☐ 10 copies

Montana Asthma Project Education Curriculum

This 28-page curriculum is a comprehensive look at asthma, its triggers, and self-management techniques. The back cover is a stand, so that the patient sees the full-color picture and you see the corresponding talking points. The simple language is appropriate for kids and for adults with low-literacy skills. [Click here to view curriculum.](#)

☐ 1 copy

Help Your Child Gain Control Over Asthma

An EPA publication that reinforces the information included in the MAP curriculum, this would be a great booklet to have a parent or guardian read and complete after you have taught the curriculum to the family. [Click here to view booklet](#)

☐ 25 copies

Asthma: A Self-Care Guide

This 32-page workbook is designed to help adult patients develop and achieve self management goals. The workbook includes space to develop an asthma action plan, maintain a symptom diary, and create an exercise plan.
